PART A OVERVIEW

1. Introduction

- 1.1. Section 5(2)(b) of the Central Bank of Malaysia Act 2009 (CBA 2009) gives Bank Negara Malaysia (BNM) the legal mandate to issue currency (notes and coins) in Malaysia and section 5 of the Currency Act 2020 (CA 2020) states that BNM is the sole authority to issue currency in Malaysia.
- 1.2. Section 14 of the CA 2020 gives BNM the legal mandate to withdraw currency notes which are defaced or unfit for circulation, currency coins which are worn or tampered with, and currency notes or currency coins which have ceased to be legal tender (demonetised) in Malaysia.
- 1.3. In line with the said mandates, BNM is responsible to maintain the integrity and quality of the Malaysian currency notes and currency coins in circulation. In achieving the above, it is critical that the condition of Malaysian currency notes and currency coins is maintained at the desired level. Currency notes and currency coins which are in good condition can be easily and reliably checked for genuineness and accepted for transactions. Defaced currency notes, tampered currency coins and demonetised currency shall not be recirculated to members of the public or used for transaction.
- 1.4. Section 7 of the CA 2020 provides, among others, that BNM may exchange currency notes and currency coins at BNM's offices or at such agencies as BNM may from time to time establish or appoint. Pursuant to this provision, financial institutions (FI) are appointed as BNM's agencies to withdraw and exchange defaced currency notes, tampered currency coins and demonetised currency tendered by members of the public or customers of the FI.
- 1.5. Section 16 of the CA 2020 gives discretion to BNM to refund the value of any imperfect currency note or currency coin, defaced currency note or tampered currency coin.
- 1.6. All of the operational cost related to the exchange of defaced currency notes, tampered currency coins and demonetised currency will be borne by the FI.
